EXPERIENCE

WEB DEVELOPER (JUL 2023 - FEB 2024)

COLLEGE OF BIOCHEMISTRY AND PHARMACY - LA PAZ

Built a web-based payment management system for the organization's members, streamlining and automating processes that were previously handled manually.

- Tracked member payments and calculated outstanding balances
- Generated administrative reports on payment history and member records
- Set up automated alerts to identify overdue accounts and improve collections

WEB DEVELOPER (OCT 2025 - PRESENT)

CREA BOLIVIA ONG

Designed and launched the institutional website for this nonprofit organization.

- Built the full website from scratch
- Handled server setup, domain configuration, and security
- Customized the design and content structure
- Provides ongoing site maintenance

MOBILE DEVELOPER (JUL 2025 - DEC 2025)

AUTONOMOUS MUNICIPAL GOVERNMENT OF LA PAZ

During this internship, contributed to the development of Android and iOS mobile apps focused on municipal citizen services.

- App "Travel Permits": Built features for submitting travel permit requests for minors, including biometric authentication and request tracking
- App "iGOB+": Collaborated on the main municipal services app, integrating multiple local government services
